This is to inform the FCC that I benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere especially after relocating from Los Angeles, CA. More importantly, I choose to pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. That is why I pay for these services to eliminate all interferences from various groups like the NAB. Respectfully, I urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
